In re Patent No. 7,482,363 : DECISION ON REQUEST  
Sanganeet et al. : FOR  
Issue Date: January 27, 2009 : RECONSIDERATION OF  
Application No. 10/508,332 : PATENT TERM ADJUSTMENT  
Filed: September 17, 2004 : and  
Atty Docket No. 06275-417US1 : NOTICE OF INTENT TO ISSUE  
: CERTIFICATE OF CORRECTION

This is a decision on the petition filed on March 26, 2009, which is being treated as a petition under 37 CFR 1.705(d) requesting that the patent term adjustment indicated on the above-identified patent be corrected to indicate that the term of the above-identified patent is extended or adjusted by one thousand fifty-three (1053) days.

The petition to correct the patent term adjustment indicated on the above-identified patent to indicate that the term of the above-identified patent is extended or adjusted by one thousand fifty-three (1053) days is **GRANTED**.

It is noted, however, that the calculation of delay pursuant to 37 CFR 1.702(b) is based on a national stage commencement date of September 20, 2004. As the expiration of the 30-month period pursuant to 35 U.S.C. 371(b) fell on a Sunday, the period expired on the subsequent business day. See PCT Rule 80.5. Accordingly, the commencement date is Monday, September 20, 2004. This does not change the revised patent term adjustment as both the over 3 year period is reduced from 496 days to 495 days and the overlap period is reduced from 141 days to 140 days. As such the patent term adjustment is still increased by 355 days to 1053 days.

Receipt of the \$200.00 fee set forth in 37 CFR 1.18(e) is acknowledged. No additional fees are required.

The application is being forwarded to the Certificates of Branch for issuance of a certificate of correction. The Office will issue a certificate of correction indicating that the term of

the above-identified patent is extended or adjusted by **one thousand fifty-three (1053)** days.

Telephone inquiries specific to this matter should be directed to the undersigned at (571) 272-3219.
